About Holiday Lights Festival

The idea of decorating Omaha with holiday lights had been discussed by downtown advocates for many years. The occasion of the millennium provided the impetus for the project. In 1999, a coalition of city officials, corporations and foundations chose to present a legacy gift of holiday lights to the City of Omaha as the Millennium Lights celebration. That first year, more than 60,000 people came downtown to witness the lighting ceremony. The Downtown Omaha Inc. Foundation was established the following year to continue Millennium Lights as the Holiday Lights Festival. The Shine the Light on Hunger campaign, sponsored by Conagra Brands Foundation and in partnership with Food Bank for the Heartland, was added to the Holiday Lights Festival in 2007.
